Organized by: IIM Jamshedpur, Kolkata, Kharagpur Chapters and Tata Steel

First Announcement and Call for Abstracts

Venue: Hotel JW Marriott, Kolkata

Hotel JW Marriott, Kolkata is the venue for the 56th National Metallurgists' Day (NMD) and the 72nd Annual Technical Meeting (ATM) of the Indian Institute of Metals (IIM).

About the Indian Institute of Metals

Although the idea for the formation of The Indian Institute of Metals was initiated in 1945, the final shape took place in the year 1947. Since then, the institute has seen phenomenal growth. The scope of the institute includes activities encompassing the whole gamut of metallurgical processing research and advancements. This professional body caters to the needs of Metallurgical Engineers and Material Scientists at large who are working in the areas of mineral beneficiation, extraction, fabrication, heat treatment, finishing as well as practical and theoretical aspects of all ferrous and non-ferrous metals and alloys, ceramics, composites and other disciplines. The activities of the institute include organizing national and international conferences and programs, conducting qualifying examinations, publications etc. Starting with a modest membership of 42, the IIM membership now stands at more than 10,000 drawn from various fields of metallurgical activities. The institute has grown into a reputed institution and is now recognized throughout the world as one of the premier metallurgical organizations.

56th National Metallurgists' Day

This year the 56th National Metallurgists' Day will be celebrated on 14th of November 2018. As a tribute to the important role played by the metallurgists in the country's economic development, the National Metallurgists' Day Awards Scheme, instituted by the Ministry of Steel & Mines, Govt. of India in 1962, presently under the aegis of the Ministry of Steel, Govt. of India, to honour the distinguished Metallurgists of India for their immense contributions, the NMD awards will be presented on 14th of November 2018.

72nd Annual Technical Meeting (ATM)

As a part of the annual event, ATM presentations will be conducted on 15th and 16th of November 2018. The scope of ATM encompasses modelling, mineral extraction and beneficiation, manufacturing of ferrous, non ferrous and other materials, development and characterization of products, environment and other sustainability issues, corrosion, tribology, surface engineering, joining technologies, casting, powder metallurgy, non-destructive testing, emerging technologies, industry automation etc. Students are encouraged to participate in large numbers.

ATM Themes

This year seven parallel sessions and a common poster session will be conducted which will broadly include the following themes:

- Raw Materials
- Process Metallurgy
- Products
- Non-ferrous Metals
- Energy, Environment and Waste Utilization
- Advances in Materials Science
- Industry 4.0

Call for Abstracts

Abstracts of up to 500 words in length are invited from authors for oral and poster presentation in seven parallel sessions. The template for the abstract can be downloaded from the conference website (www.nmd-atm.org). Online submission of abstracts will open from 15th June 2018. The last date for abstract submission is 15th of August 2018.
